

Out Here, It's All Big.

Big water. Big Fish. If allowed, they will punish you. Before the first billfish was ever raised Mustad has been producing the hooks that keep you in the game. Mustad Big Game hooks have helped subdue more Billfish, Tunas, and Wahoo than all other brands combined.

Game over, you win.

Z-Steel

From the world's largest manufacturer of fish hooks comes the ultimate corrosion resistant finish. Introducing Z-Steel, a unique alloy that transforms normal fish hooks into extreme fishing tools. Far more corrosion resistant than every other hook finish on the market today including stainless steel. Z-Steel allows us to combine extreme corrosion resistance with hi carbon steel resulting in hooks that are sharper, stronger and virtually indestructible in even the most demanding fishing conditions.
