

# METAL JIGS

Metal jigs are regarded as the best choice to present a bait at the proper feeding depth. Vision jigs descend fast and their productivity is well documented. There's a Vision jig for virtually every offshore gamefish.

## FLUTTER JIGS

Absolutely the ultimate lure for saltwater jugging. They shimmy and dart or they fall – often drawing strikes on the way down. Rigged with twin Vision assist hooks for hair-trigger hook-ups.
