PAUL ELIAS SETS B.A.S.S.® ALL-TIME HEAVYWEIGHT RECORD!

Paul Elias, 1982 Bassmaster Classic champion and Mann's Bait pro staff member since 1986, shattered the records book with his April 2008 Bassmaster Elite Series win at Falcon Lake in Zapata, Texas. When the scales stopped, Paul's 4-day total weight was an astonishing 132-pounds 8-ounces for 20 bass—just over a 6-1/2 pound average per fish. Paul relied on his favorite Mann's 20+ and Jelly Worm to catch all his fish. With the win Paul pocketed \$100,000 and a record for the ages!

Loudmouth® Crankbait

Precise combinations of steel shot inside a body made of special, harder plastic make these lures the loudest in the world. That noise attracts fish from further away and makes them attack. Paul Elias caught the heaviest stringer of fish in the 1993 BASS Masters Classic with a Loudmouth® Crankbait.

Loudmouth III size: 2", 1/4 oz.
 Loudmouth II size: 2-3/4", 3/8 oz.
 Loudmouth I size: 3", 5/8 oz.

Manniac™

A rattling, vibrating, sinking bait with our patented self-centering line-tie system for a better running lure. "Sparkle" finish adds a realistic baitfish flash. Size: 3", 1/2 oz.

Crawdad®

Rattling, diving, detailed imitation of fresh water's most delicious crustaceans. Preferred by bass and walleye everywhere. Size: 2-3/8", 1/8 oz. Dives 3-5 feet. Size: 3-1/8", 1/4 oz. Dives 5-7 feet.

Depth Plus™ Series

Depth Plus 15+®, Depth Plus 20+®, Depth Plus 30+®

These floating, rattling divers run to where their names say they do. Trolling and long casts with lighter line assure deeper operating ranges. The patented Davis System Lip allows greater depth with less resistance. 5+, 10+ and 15+ are ideal for smallmouth and white bass plus finicky or clear water largemouth. The 20+, the first to break the elusive 20-foot mark, is a favorite of bass tournament anglers, and has a state record striper to its credit. The 30+ is the deepest diver in its class.

STRETCH YOUR LIMIT!

When it comes to high-performance casting and trolling baits, nothing else comes close to the world-renowned, deep diving STRETCH™ series from Mann's®. They're built rugged. They run true. They dive to the depth you want - from 15 to 20 feet. And they look and perform like real baitfish! That's why they are the top choice for catching grouper, striper, walleye, zander, sea bass and practically every other gamefish.

Mann-O-Lure® Colors

"The Classic™" Spinnerbait

Without a doubt, 'The Classic' catches more fish than any spinnerbait thanks to its high vibration ultra-thin wire forms, ball bearing swivels, chip-resistant paint, and custom trailer. Available with Colorado, Indiana, and willowleaf blade versions in 1/4, 3/8 and 3/4 oz. sizes.

"The Classic" Replacement Trailers™

These twin-tail trailers are soft yet tough. They add action to lures and serve as "keels." 4" length. 10, 100, or 1000 pieces per pack.

Little George®

Little George may be one of the oldest lures on the market today, but it still works and it's still one of the top lures of all time. This sinking tails spinner has earned the right to be in every angler's tackle box. The ripping technique is deadly near the bottom. And nothing is better in schooling fish. Available in 1/4, 1/2, and 1 oz. sizes.

Little George® In Holographic Colors

Available in 1/4 oz. and 1/2 oz. only. The new holographic finish makes America's favorite tails spinner even more realistic.

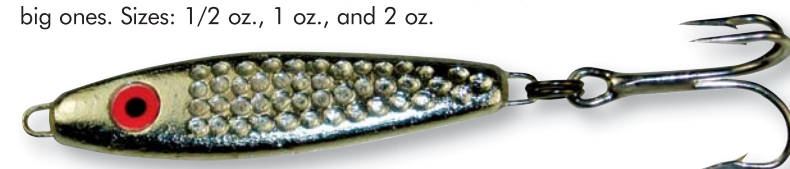

Stone Jig™

The Stone Jig features a ridged head which causes more water displacement and allows the bait to throw off a different vibration than that of a smooth head design. It also gives the jig a natural craw look and texture. The stand-up head makes the Stone Jig great for skipping and the bait features an integrated line tie which makes it better for weeds and helps protect the knot. It features a 40 strand premium silicone skirt. Available in 3 sizes and 9 colors. Sizes: 1/4, 3/8 and 1/2 oz.

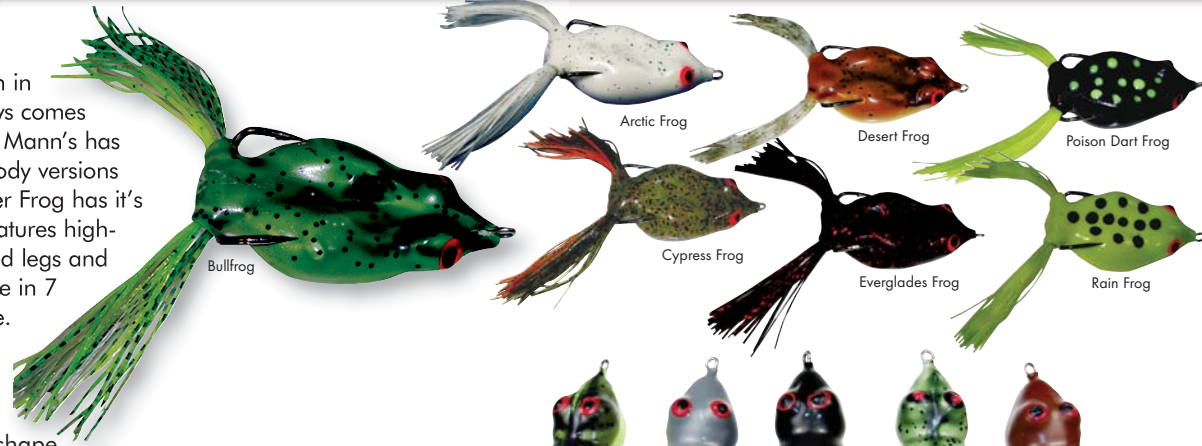

Mann-O-Lure®

This hefty bait is made for heavy duty fishing. Some use it for big inland fish while others attest to its tremendous abilities in saltwater. Either way, it's a great bait for jigging or for going down deep for the big ones. Sizes: 1/2 oz., 1 oz., and 2 oz.

Super Frog

Finding a lure to effectively fish in dense vegetation almost always comes down to a hollow body. While Mann's has several very effective hollow body versions already in the lineup, the Super Frog has it's own special place. The bait features high-quality construction, twin skirted legs and premium hook and is available in 7 new lifelike colors. 3/8 oz. size.

Phat Phrog™

Phat Phrog has realistic frog shape and swimming legs. Treble hook eliminates grass pickup. 3/8 oz. size.

Phat Rat™

First TREBLE hook hollow body bait on the market. Improves strike to hookup ratio by at least 87%. Body designed to fit hook points and eliminate grass pickup. 1/4 oz. and 3/8 oz. sizes.

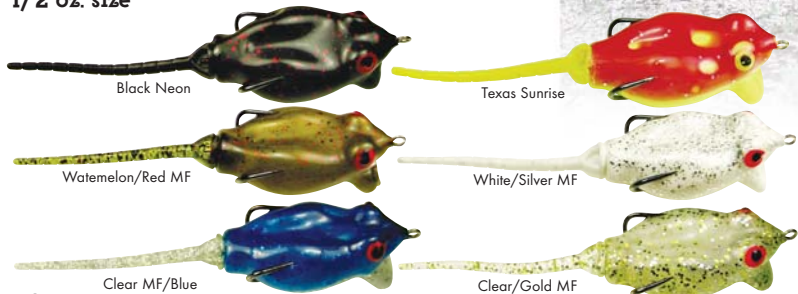

The slightest twitch makes this lure come alive! It squirms and wiggles seductively no matter what speed it is retrieved.

The Weasel's hollow lip creates a new and unique swimming action not found on other frog-style hollow body lures. Fish it on top or crank it 1 to 2 feet below the surface.

The Weasel is specially weighted for long casts and comes equipped with a Eagle Claw® 3.0 Lazer Sharp® Platinum Black® double hook.

THE WORLD'S ONLY SOFT PLASTIC BAITS THAT STAY PUT ON THE HOOK!

PRESENTING THE REVOLUTIONARY 5-1/2" HARDNOSE® SWIMSHAD

Mann's new HardNose® SwimShad with patented harder plastic head is the ultimate swimbait! It's got the tail-thumping natural swimming action and body shimmer that will help you put more and bigger fish in the boat. And best of all, you'll be able to catch more fish per bait thanks to the one-of-a-kind HardNose feature. 5-1/2" size.

- Hollow spine from head to tail for tantalizing action
- Hookslot for easy rigging and better hooksets
- Harder head resists tearing which helps you catch more fish per bait!

HARD NOSE™

U.S. Patent No. 7, 266,922

THE WORLD'S ONLY SOFT PLASTIC BAITS THAT STAY PUT ON THE HOOK!

CATCH MORE FISH PER BAIT!

HardNose™ Swim Toad

Designed to swim over heavy vegetation. Long legs kick in real-time for natural buzzbait action. Available in 5".

HardNose™ Flippin' Craw

Claws of this bait have unbelievable "swimming" action. Perfect for casting or flipping. Can be fished "Texas style" on a 3/0-5/0 hook or rigged with a jig head. Available in 4" size.

HardNose™ Mosquito Hawk

A fantastic Carolina rig bait as well as a great flipping bait. The wings have incredible action and vibration. Available in 4-1/2".

HardNose™ Lizard

The soft plastic curly tail produces live action and the ultra-thin legs flutter with the slightest movement or current. It is appropriate for both slow and fast retrieves. Available in 6" size.

HardNose™ Finesse

This is the ultimate finesse or drop shot bait. It has incredible lifelike action that top anglers demand. Perfect for small jig-heads, a Carolina rig, or even Texas rig. Available in 5".

HardNose™ Grub

The HardNose feature of the grub will cause it to stay on the hook longer, resist tearing, and swim better. The curl-tail is still super soft plastic needed to obtain maximum action. Available in 2", 3" or 4".

HardNose™ Jerkbait

Usually fished without a weight, the hook stays securely in place even when "whipped" on the cast. The lower wall has a hook opening making rigging easier and the hook more weedless. Available in 6".

HardNose™ Tube

The eye of the hook stays firmly embedded in the tube's hard head. The body is made of a super soft plastic for great spiral and erratic action. The "knobs" make the perfect place to "expose" the hookpoint. Available in 4".

MANN'S FAMOUS JELLY WORMS.

Jelly Worm®

The #1 selling plastic worm of all time. Introduced in 1956, it's soft, lifelike texture has never been surpassed. Slow waving tail coaxes bass to strike, and the straight design comes through grass and brush without hanging up. 4", 6", 8", 9" sizes. 20 and 100 lures per pack. 12" Jelly Worms not available in fire tails. 12" size available in 10 lures per pack only.

Augertail® Worm

It was one of Sports Afield magazine's "Top 100 Bass Lures" in 1989 and is still catching state record largemouth today. Its special "auger" feature makes the tail kick and flicker. Available in 4", 6", and 8" sizes. 10 or 100 lures per pack.

The Shadow™

Only the Shadow knows how to walk, dart, flash, and flutter with such realistic crippled baitfish action. 3", 4-1/2", 5-1/2" sizes. 10 or 100 lures per pack.

Dragin® Swim Worm With S.P.I.C.E.™

The Dragin® Swim Worm, with its unique "Paddle" tail, contains a factory mark indicating the location where the tail may be split to create a different action. 5" size, 10 lures per pack.

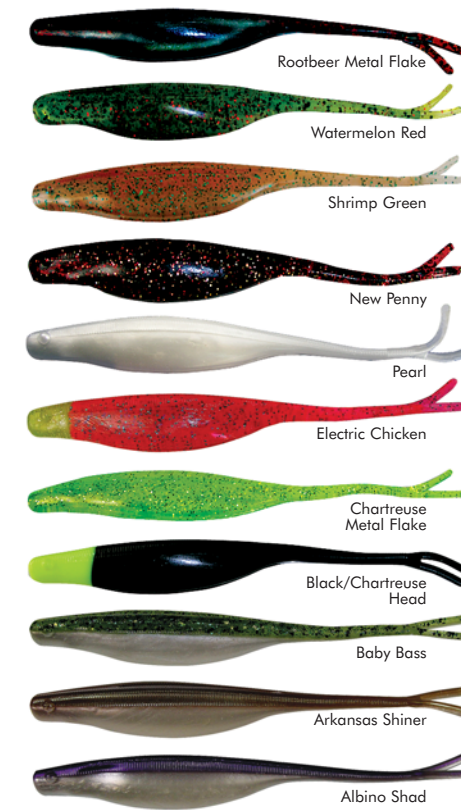

HardNose™ Mullet

The HardNose™ Mullet is built for saltwater applications and is perfect for redfish or trout. This bait can be jigged or fished in any situation that would usually call for live or frozen bait. It looks and swims like a real critter without its head falling off the hook as frozen baits will do. Available in 3 1/2" and 4 1/2"

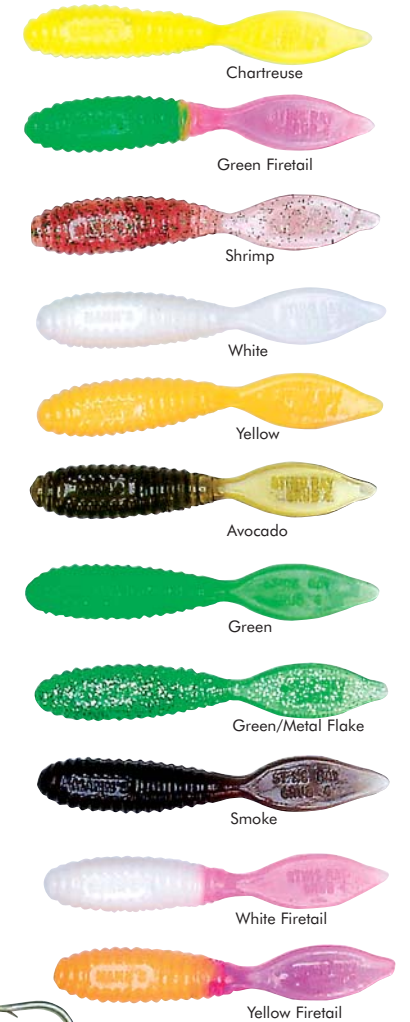

HardNose™ Jerkbait

Usually fished without a weight, the hook stays securely in place even when "whipped" on the cast. The lower wall has a hook opening making rigging easier and the hook more weedless. Available in 6".

THE ORIGINAL Sting Ray Grub®

They've been catching bass, walleye, sea trout, and redfish for over 30 years. Unique swimming action, tempting profile, durable plastic formulation. A top performer in fresh and saltwater.

Led Head®

Quality production and durable finishes make the Mann's Led Head a better choice. "Flat" shape allows a bigger profile for the weight. All sizes are available in yellow, white, black and red and have saltwater corrosion resistant hooks. 1/8 oz., 1/4 oz., 3/8 oz. and 1/2 oz. sizes.

Protein Leech™

Walleye anglers now have an artificial bait that's just as effective as live leeches--without the expense, smell and hassle. Available in 4". 15 lure per pack.

Tidewater™ Spoon

No redbfish/speckled trout offering would be complete without a gold spoon in the mix. Mann's Tidewater Spoon completely encapsulates the hook in the welding process and the unique keel design prevents line twist. The point of the hook is not coated during the manufacturing process which means it does not need to be sharpened and is ready to fish straight out of the package. 1/2 oz. size.

Jointed Magnum Stretch 30+

The Jointed Magnum Stretch 30+ combines the diving abilities of the regular Magnum Stretch 30+ with the injured baitfish action of a jointed or "broken back" lure. The Jointed Magnum Stretch 30+ is by far the deepest diving jointed lure on the market. Size: 12", 6 oz.

Jointed Stretch 25+

The Jointed Stretch 25+ comes with saltwater tough hardware featuring stainless steel split rings and two 3/0 treble hooks. It combines the diving capabilities of the regular Stretch 25+ with the injured baitfish action of a jointed or "broken back" lure. Size: 8", 2 oz.

Magnum Stretch 40+

The Magnum Stretch 40+ is a lure designed with a larger size and more depth than the Magnum Stretch 30+ but with all the toughness of the Giganticus G50+. The Magnum 40+ has a patented lip feature that guarantees true running at high speed, 2 Mustad double hooks and a lip to tail through-wire. It can be trolled at depths over 40 feet. Size: 14", 8 oz.

Giganticus G-50+™

The Giganticus 50+ features heavy duty plastic and super thick wall construction to handle the really big jobs of bluewater fishing. Its unique patented line tie insures true and straight running at speeds up to 10 knots. The G-50+ offers the option to switch from two double hooks to a handmade harness using two larger single hooks. The line tie form can be removed through the bottom of the lip and by passing a harness through the lip, the two hooks on the harness can be attached to the body with rubber bands. When a fish strikes, the rubber bands will break leaving the fisherman with a direct line to the hook and fish. The lure will slide up the line and offer no interference while fighting the fish. The G-50+ can be trolled to depths over 50' using only 150' of 50 lb. mono. Size: 16", 10 oz.

Magnum Chug-N-Spit™

Designed to be fished from boat, pier or shore, the Magnum Chug-N-Spit emits a loud chugging sound while splashing water up to 12 inches high. Weighing 3 ounces and tail weighted, it casts like a bullet. Can also be trolled for Stripers. Size: 6", 3 oz..

Stretch Imitator™

The Stretch Imitator™ is designed to almost perfectly imitate real saltwater baitfish. The shape and paint designs provide extremely realistic details. It has a one-piece through-body wire for added strength and features 2 premium size 5/0 red treble hooks. The Stretch Imitator is designed to be trolled at 3-6 MPH and will reach depths of over 25 feet on 30 lb. line. Size: 10", 6 oz.
