

UDEBROD

QUALITY SINCE 1870

Nylon Thread

Stronger by weight than steel wire! Of all styles of thread manufactured by Gudebrod, our Nylon wrapping thread is the strongest and has the brightest color. Pressure dyed with high quality, color fast dye material. This thread is the best choice for wrapping guides, decorative diamond wraps on rod butts, or wrapping jigs and tying bucktails.

Available on:

- 100 Yard Spool
- Pro Spool
- 4 Ounce Spool

Size	Diameter	Break Strength
A	.006 (.152)	2.7 lbs.
D	.0104 (.264)	7.4 lbs.

Note: Diameter in inches and (mm).

See chart on page 2 for Base Catalog Number

NCP® Thread (No Color Preserver required)

NCP® Nylon is a specially constructed thread that requires no color preserver, yet has all the strength and wearing features of other popular Gudebrod threads. It is the perfect thread for major rod manufacturers as well as professional and custom rod designers. The color pigment in NCP® is preconditioned into a colorfast medium that resists the damaging effects of powerful epoxies and varnishes that break down the color pigment in regular Nylon thread, thus saving the time consuming steps of applying several coats of color preserver. Rod finish may be applied directly over rod wrappings.

Available on:

- 100 Yard Spool
- Pro Spool
- 4 Ounce Spool

Size	Diameter	Break Strength
A	.006 (.152)	2.2 lbs.
C	.010 (.254)	4.6 lbs.
D	.012 (.305)	5.1 lbs.

Note: Diameter in inches and (mm).

ROD BUILDING THREADS

1. Color Preserver (#811)
 This clear quick drying and non-blushing color preserver assures complete penetration on all types of thread wraps. Fast drying, requiring 20 minutes between coatings, use this color preserver in conjunction with Gudebrod's one part regular or high build, or two part regular or high build rod finish. After applying each coat remove excess Color Preserver using a brush. Convenient water clean-up.
1 Oz. Bottle – Catalog No. 090-000-0020
 Packed: 12 per Display Box (not shown)
1 Oz. Bottle, Carded – Catalog No. 090-000-0021
 Packed: 12 Cards per Box

2. Rod Varnish (#822)
 This self leveling varnish is especially designed to impart a deep lustrous professional finish to fly rods and light weight spinning rods. This finish will match original varnishes of older rods, thus the perfect finish for old rod restoration. Rod varnish gives a satin finish, and remains extremely flexible and resistant to shock, cracking and scuffing. Convenient water clean-up.
1 Oz. Bottle – Catalog No. 090-100-0001
 Packed: 12 per Display Box (not shown)
1 Oz. Bottle, Carded – Catalog No. 090-100-0012
 Packed: 12 Cards per Box

3. Rod Restorer (#SC442)
 Restores finish on heavily used rods. Heavy, lustrous coating hides scratches, nicks, and protects windings. Restores rods to "like new" condition. Easily applied directly from bottle with enclosed applicator brush. Dries in less than one hour. Convenient water clean-up
1 Oz. Bottle, Carded – Catalog No. 091-100-0012
 Packed: 12 Cards per Box

4. Liquid Rod Cement (#833)
 New waterbase liquid rod cement is 100% waterproof. Ideal for bonding rod component parts of cork, rubber hypolon, metal, wood to fiberglass and graphite blanks. Unexcelled for repair of sports and outdoor equipment where cold setting is preferred. Convenient water clean-up.
1 Oz. Bottle – Catalog No. 090-300-0020
 Packed: 12 per Display Box (not shown)
1 Oz. Bottle, Carded – Catalog No. 090-300-0021
 Packed: 12 Cards per Box

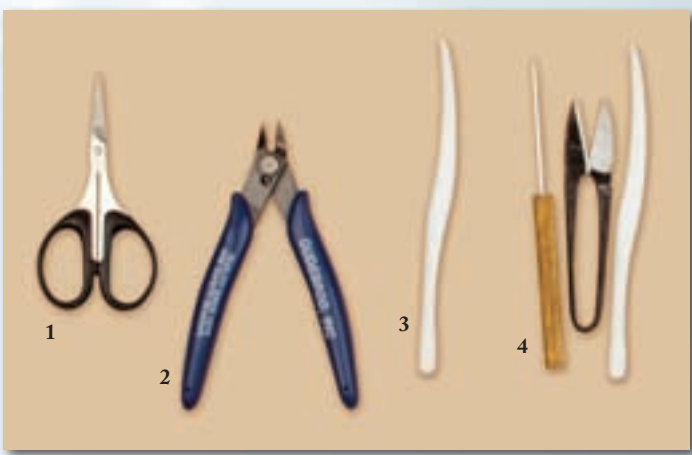

5. One Part Regular Build Rod Finish (#840)
 This no mix rod finish features ultra fast set-up time, requiring less than 15 minutes turning on rod dryer. Coating dries crystal clear in one hour. Convenient water clean-up.
1 Oz. Bottle – Catalog No. 090-700-0001
 Packed: 12 per Display Box (not shown)
1 Oz. Bottle, Carded – Catalog No. 090-700-0012
 Packed: 12 Cards per Box

6. Two Part High Build Rod Finish (#843)
 Epoxy Rod Coating, is a new High Build Two Part Polymer with built in Ultraviolet protection. High build rod finish is non-yellowing and remains flexible and crystal clear after long hours of direct sunlight. New epoxy requires just (1) coat for thick build and dries to a luxurious finish in three to four hours. Clean-Up: Use standard nail polish remover.
2 Oz. Kit – Catalog No. 090-900-0012
 Packed: 12 Hang-up Cards per Box

7. Two Part Regular Build Rod Finish (#850)
 A two part epoxy with a super strong low build finish, excellent for rods with high flexibility. Easy to mix 1:1 ratio dries to a high gloss finish in three to four hours. Non-yellowing. Repeats coats for necessary build up. Clean-Up: Use standard nail polish remover.
2 Oz. Kit – Catalog No. 090-700-0020
 Packed: 12 Hang-up Cards per Box

8. Stick Ferrule Cement (#444)
 The finest grade of plastic cement in stick form for installing tip-tops, and ferrules to all types of rods, as well as assembly of arrow components. Flexible and waterproof, Gudebrod Ferrule Cement offers increased adhesion with all types of fishing rods and archery materials including Fiberglass, Graphite, Boron, Bamboo, Metal or Wood.
Sticks – Catalog No. 090-400-0001
 Packed: 12 Sticks per Display Box
1 Stick, Carded – Catalog No. 090-400-0012
 Packed: 12 Cards per Box

9. Shop Stick (#444 - 1B)
 Shop Stick is a much larger size ferrule cement, this is 1" diameter by 3" long. It's the most practical size for professional rod and archery shops.
1 Stick, Carded – Catalog No. 090-400-0013
 Packed: 12 Cards per Box

1. Rod Wrapping Scissors (#WS112)
 Close precision trimming and effortless cutting. Extra fine point, non glare satin finish and comfort grip handles.
Hang-up Bags – Catalog No. 091-200-0031
 Packed: 12 per Box

2. Wire Nippers (#C100)
 Compact, pocket size handy for clipping heavy duty monofilament leader or soft metal wire.
Hang-up Bags – Catalog No. 079-010-0050
 Packed: 12 per Box
Bulk – Catalog No. 079-510-0024
 Packed: 24 Nippers per Box

3. Burnishing Tools
 An indispensable tool for the custom rod wrapper. Smooths, flattens and tightens windings prior to application of rod finishes.
Plastic Burnishing Tool
Bulk – Catalog No. 091-200-0014
 Packed: 12 per Box
Blister Card – Catalog No. 091-200-0015
 Packed: 12 per Box

4. Combo Tool Pack (#CP114)
 Hang-up display bag contains one each:
 Burnishing Tool, Clippers, and Thread Pick
Combo Tool Pack – Catalog No. 091-200-0017
 Packed: 12 Hang-up Bags per Box
