

# LAMIGLAS 2010 MODEL INTRODUCTIONS

At Lamiglas, 2010 is a year of renewed opportunity and commitment. With costs escalating throughout the imported rod market, our Woodland, Washington factory has been reenergized with competitive spirit and pride.

High-performance American made rods define the Lamiglas name, and continue to be our source of opportunity for a vibrant future. It's the close connection between our

factory personnel and the applications for which our rods are designed that elevates angler's on the water experience with Lamiglas rods.

For 2010, our new models highlight our strengths, with unique models like 11-foot, one-piece surf rods and the all-new Excel series which will offer American made quality and performance to more anglers than ever before.

## EXCEL BASS

The all-new Excel series offers more anglers than ever a renewed pride in owning and fishing an American Made fishing rod. Feature laden with Lamiglas IM graphite construction, split grips, Aero Comfort Touch reel seats on spinning models and Fuji exposed blank reel seats on casting models, the deep metallic copper blanks are a delight to fish.

Retail prices start at \$99.95. To make choosing the perfect rod easy, suggested techniques are printed right on the blanks.
