## Retail Catalog

### Official Sponsor of the USA Olympic Bobsled & Skeleton Teams

*"I found the grip on rock to be as good or better than boot soles. I was also impressed by STABILicers' confident grip on the slickest snow and ice..."*

—Backpacker Magazine

*"STABILicers can help you maintain your outdoor workout schedule no matter what the weather is like."*

—Muscle and Fitness Hers

*"Don't worry about the extra weight—they're so light, we didn't notice a difference running with them."*

—Runners World

*"They take seconds to take on and off your boots, are lightweight, and store easily into a pack."*

—Coreance Rehab & Training

# STABILicers™

## Heavy Duty/Serious Traction

Trusted by police, fire fighters and letter carriers, and required equipment in some of the toughest environments on earth, STABILicers provide dependable traction for winter hiking, walking the dog and shoveling the driveway, too.

Long-lasting VIBRAM® soles with thirty-four case-hardened replaceable steel cleats bite into the slickest, most treacherous ice and snow and provide sure traction on rock and pavement too. STABILicers attach quickly and easily to your favorite shoes or boots with Velcro fasteners (and even fit Pac boots!) so winter never slows you down again.

### STABILicers Features:

Adjustable straps fit virtually any shoe or boot

Easy on/off design with Velcro straps

Aggressive tread pattern provides traction on ice, snow, rock, and pavement

34 Case-hardened replaceable cleats bite into ice and snow

Vibram and the Yellow Octagonal Label are registered trademarks of Vibram S.p.A. of Italy.

## Most Serious

*"STABILicers grip tenaciously on snow or ice, yet don't impede traction on rocky trails or dry pavement."*

—Backpacker Magazine

# STABILicers SPORT™

## Medium Duty/Serious Traction

Whether hiking an icy trail, going for a winter run, or walking to work on a slippery sidewalk, STABILicers SPORT provide the confident grip active people need in winter.

Engineered to be lightweight with our Tension-Fit Binding™, STABILicers SPORT holds securely to running shoes, hiking boots, and most casual footwear. Dual-Density TPE Elastomer construction and eighteen case-hardened, replaceable cleats provide long-wearing durability, a lower more stable center of gravity, and the traction and mobility you need to stay active all winter long.

### STABILicers Sport Features:

18 Case hardened replaceable cleats bite into ice and snow

Aggressive tread pattern provides traction on ice, snow, rock and pavement

Tension-Fit Binding system fits securely to your footwear

Elastomer- Lightweight and very durable

## More Serious

*"They add traction on icy winter roads, have easy-to-use bindings and are comfortable, even on longer runs."*

—Running Times

## Serious

*"You are instantly ready for a fall-proof winter walk. We couldn't slip even when we tried!"*

—Prevention Magazine

# STABILicers Lite™

## Light Duty/Serious Traction

When winter weather makes getting out to the car or even to the mailbox a challenge, STABILicers Lite are a dependable solution that fits in your desk drawer, coat pocket or glove compartment.

The STABILicers Lite perimeter attachment system offers an easy on/off design that fits securely to virtually any shoe or boot. Engineered with Dual-Density TPE Elastomer and multidirectional steel cleats that bite into ice and snow for confidence in the worst winter weather.

## STABILicers Lite Features:

Perimeter attachment stays securely in place on footwear

Fits in pocket or glove compartment when not in use

Aggressive tread pattern provides traction on ice, snow, and pavement

Multi-directional cleats bite into ice and snow

32north Serious Traction Gear > 32north Serious Traction Gear

## More Serious

*"I usually go through 2 to 3 pairs of ice cleats each season. Last year I bought STABILicers and I am still using the same pair."*

—Ryan Underwood,  
President, Negaunee Luge Association

# STABILicers OVERSHOE™

## Heavy Duty/Serious Traction

STABILicers traction is finally available in a waterproof overshoe to keep feet dry and warm and make every winter day more enjoyable for work or play.

The STABILicers Overshoe's aggressive tread pattern and thirty-two case-hardened replaceable cleats give you long-wearing durability and a lower, more stable center of gravity. STABILicers Overshoes provide traction while shoes stay protected and feet stay warm and dry. Extra-large gusseted opening slips easily over shoes and even boots, so you can tackle ice and slush without having to swap footwear.

## STABILicers Overshoe Features:

Waterproof traction in ice and snow.

Gusset opening for easy slip on/off use

Traction tread outsole and cleats simultaneously contact surface

32 case hardened replaceable cleats bite into ice and snow
