Formulated for the Rod Builder

RodSmith FINISH - Pac Bay RodSmith Rod Wrap Finish is a 2-component, VOC solvent free coating used to seal threads for composite fishing rods. Mixed at an easy one-to-one ratio, our RodSmith Rod Finish provides a **high gloss finish** with a **brilliant clarity, flexibility**, and high build to adhere and protect the thread wrapping. RodSmith Rod Finish offers **maximum ultraviolet light protection** to maintain the finish durability. See back for complete application specifications.

RodSmith GLUE - Our RodSmith Rod Glue is a high-performance, non-brittle, two-part epoxy adhesive designed to give superior results under adverse conditions and **will cure without shrinking**. Pac Bay RodSmith Glue is clear amber and becomes virtually invisible when varnished and **exhibits outstanding adhesion and permanence** on a wide variety of materials. Pac Bay's RodSmith Rod Glue's **shelf life is indefinite** providing it is stored in air tight containers. Our RodSmith rod glue **offers a true "Waterproof" bond**. See back for complete application specifications.
